

- Made of acid resistant stainless steel SS316L
- Strong and solid construction
- Manufactured in different sizes for 1 or 2 cables
- Rugged and low profile

E6

MY R. STAHL T7250A

Tranbergs cable clamps are all designed for use in rough environments. Installation equipment manufactured by Tranberg is delivered to offshore installations, oil tankers and supply ships, hotels and hospitals all over the world.

Selection Table							
Product description		Cable clamp					
Number of cables	Length	Width	Height	Lot size	Old Art. No.	Art. No.	Weight
1	30 mm	16 mm	–	100	7250002	169799	9 g
1	36 mm	16 mm	–	100	7251002	169800	11 g
1	40 mm	16 mm	–	100	7271002	169802	16 g
1	50 mm	16 mm	–	100	7281002	169804	15 g
1	53 mm	16 mm	–	100	7296002	169806	19 g
1	63 mm	16 mm	–	50	7297002	169807	18 g
1	64 mm	16 mm	–	50	7298002	169808	23 g
2	40 mm	16 mm	–	100	7252002	169801	25 g
2	48 mm	16 mm	–	100	7272002	169803	32 g
2	54 mm	16 mm	–	100	7282002	169805	37 g
Product description		Support for cable clamp					
Number of cables	Length	Width	Height	Lot size	Old Art. No.	Art. No.	Weight
–	60 mm	16 mm	16 mm	100	7299002	169809	2 g

Technical Data	
Mechanical Data	
Material	V4A stainless steel (SS316)
Drilled hole diameter	7 mm
